Why The Co-operators is right for you.

Our commitment to personalized service, together with the most recognized insurance brand in Canada, makes The Co-operators a clear choice for your insurance needs.

The Co-operators has over 70 years of history as a co-operative. Our focus extends beyond increasing profits and share values to a concern for satisfying the needs of our clients, member organizations, staff members and communities. We are pleased to provide members of AFA with exclusive coverage and savings including:

Enhanced Farm Insurance Coverage: This optional endorsement is available to members only and contains more than 30 different coverages. This additional protection is valued at \$300 but is available to you at a nominal cost.

Enhanced Home Insurance Coverage: Additional coverage is provided at a reduced cost through free or discounted endorsements. For example, the Claims Forgiveness for Members is a free endorsement automatically added to all eligible Home policies and gives you peace of mind knowing in the event you need to make a claim with us, your first claim will have no impact to your premium or insurability.

Member Benefits Program – Farm and Home discount: Receive a base rate discount of 5% on your eligible Farm and/or Home insurance.

Savings on Travel Insurance¹: Benefit from a rate of 10% less than the regular rate. Coverage is available worldwide 24 hours a day, 365 days a week and also applies to non-medical coverage such as trip cancellation and loss of baggage.
